Dear Senator Specter:

I am writing to you today because I am certain your influence will be integral to cardiologist, Dr. Dominic Dileo's request for a Presidential Pardon being granted. I previously contacted you and you were influential in helping Dr. Dileo secure a waiver of his Medicare Exclusion in order to practice cardiology in the designated Medically Underserved Area (MUA) of Brownsville.

Even though his Medicare Exclusion was waived, Dr. Dileo's patients are unable to have his prescribed orders for blood work, diagnostic tests and nursing services granted through Medicare. His only option at this point is to secure a Presidential Pardon so that he can once again be able to provide all necessary services required by his current and future Medicare patients.

I am in support of this pardon being granted because the western portion of Fayette County truly needs Dr. Dileo and his medical specialty especially in its efforts to reopen Brownsville General Hospital. If you recall, the hospital was closed in January 2006 because of a lack of physicians to admit patients to the hospital. The hospital is working to reopen and desperately needs a cardiologist on staff. According to the hospital's current executive staff tasked with reopening the hospital, Dr. Dileo has been resilient in his efforts to assist in the process and is committed to providing much-needed health care to its community by working in the hospital along with seeing patients at his private practice.

In closing, I have enclosed a copy of Dr. Dileo's Petition for a Presidential Pardon. Upon your review of the document, you will see that Dr. Dileo has taken full responsibility for his past actions and is focused on reforming his life and career.

In closing, Jessica Hajek of my office will contact Stan Caldwell of your Pittsburgh office during the week of October 1st to discuss this situation further. Thank you for your commitment to the residents of Pennsylvania, especially Fayette County.

Sincerely,

Attention: Mrs. Courtney Dalessandro

Dear Senator Specter:

This is in response to your letter of October 16, 2007, forwarding correspondence from Mr. Joe Hardy, Commissioner, Fayette County, Pennsylvania, concerning Dr. Dominic DiLeo and his request for a waiver of the usual five-year waiting period to allow him to apply for a pardon at the present time.

I have carefully considered Dr. DiLeo's request and, for the reasons set forth in my letter of November 20, 2007 to him, have concluded that a waiver would not be appropriate in this case. As I told Dr. DiLeo, we will begin processing his case in July 2008. I will retain your correspondence on his behalf in his file.

Thank you for your interest in this matter.

Dear Senator Specter:

This letter is regarding Dr. Dominic DiLeo and his Medicare exclusion. I want to thank you for contacting the Department of Health and Human Services as well as the OIG concerning this matter. Fred Lebder and I have discussed this matter with your staff on several occasions, and I would like to reiterate what Mr. Lebder wrote to you.

Brownsville has lost its hospital and its many physicians. This affects approximately 45,000 people of the greater Brownsville area and Western Fayette County. We can still help the people of Western Fayette County. Dr. DiLeo is the only Cardiologist in Brownsville, but he cannot provide comprehensive care for the residents without lifting the remaining 23 months of his Medicare exclusion.

Fayette County needs your help, especially during this election year. We were not able to save the Brownsville Hospital, but we can help keep physicians, like Dr. DiLeo in Brownsville to fill the void in medical care.

Along with Mr. Lebder, I am asking you to have your staff contact President Obama's staff and ask for a Presidential order to terminate the remaining 23 months of Dr. DiLeo's Medicare exclusion. Your office has the power to contact the President's staff. This is not solely for Dr. DiLeo, but for the people of Brownsville and Western Fayette County. Thank you again for your assistance.

Sincerely,

Dear Senator Specter,

I recently wrote a letter to you a couple of months ago regarding Dr. DiLeo. This letter was forwarded to you by Fred Lebder. We need your help in our efforts to assist Dr. DiLeo with his Medicare problem. We thank you for talking to the OIG but we need you to go higher, to the President. The OIG nor the Secretary of Health & Human Services can terminate the remainder of Dr. DiLeo's Medicare exclusion. All we want is a Presidential order to the OIG to release Dr. DiLeo's last two years of his Medicare exclusion.

Not one politician has helped us. Please help us now. We need Dr. DiLeo to help us care for the people of western Fayette County. We lost our hospital and since we cannot reopen the Brownsville Hospital, greater Brownsville at least needs a Cardiologist and an Urgent Care facility to serve the emergency needs of the people of Fayette County. Since the Hospital closed we have also lost many of our physicians. They spend little time in the Brownsville area. We need some physicians to help provide the 45,000 people that the Brownsville Hospital served. Dr. DiLeo is filling a void in providing Cardiology care to the people.

He was unfairly given a 15 year Medicare exclusion and has served over 14 1/2 years of that exclusion. The exclusion was delayed and is really 16 1/2 years. His brother, who had a similar problem only received a 12 years medicare exclusion.

We have been in contact with US Congressman John Murtha, who supported Dr. DiLeo and he suggested having you contact President Obama's staff and offer your support for Dr. DiLeo. Dr. DiLeo has a petition filed in the US Pardon Attorney's office to obtain a Pardon. We don't need a pardon, we are asking for a Presidential order.

A Presidential order or Clemency from his Medicare exclusion would not only help Dr. DiLeo, but would also help the thousands of people in Fayette County, who need a cardiologist. Brownsville has no other cardiologist but Dr. DiLeo and has a catchment area of about 45,000 people.

So, I am asking your chief of staff to contact the President's chief of staff to request clemency from the Medicare exclusion or a pardon from the President. Fayette County has a large number of Veterans, over 10 % of the 156,000 people and 16,000 Veterans who can also use Dr. DiLeo's services since Brownsville Hospital closed. We are trying to implement programs to help the Veterans in Fayette and neighboring Counties.

Clemency from his Medicare exclusion or a pardon from President Obama would help many of these people who have no access to cardiology care. This would greatly benefit the health care of Fayette County and would be a humanitarian gesture on the part of President Obama for the people of Fayette County .

Your office can contact the US Pardon Attorney's office to substantiate that Dr. DiLeo is eligible to obtain a pardon from the President. The President can also just order clemency to rescind the Medicare exclusion, if he does not want to grant a Pardon. Either a Pardon or a Presidential order to Medicare, would provide these people and our county the necessary help to continue to provide a high standard of care for the people of Fayette, Greene, and Westmorland Counties, who are in close proximity to Brownsville.

I thank you for your time and consideration. I promise you that if you help us, we will do whatever we can to deliver a landslide vote for you in western Fayette County in the upcoming election.

Sincerely,

Frank Riccio

Dear Senator Specter:

This is in reply to your letter of December 24, 2009 in which you inquired of the status of the application for Presidential pardon submitted by Dr. Dominic DiLeo.

Dr. DiLeo's application for Presidential pardon was carefully considered in this Department and the White House, and on August 28, 2008 the decision was reached that clemency was not warranted in his case. He was informed of this result by letter dated September 15, 2008. Dr. DiLeo will become eligible to reapply for Presidential pardon on August 28, 2010, should he choose to do so.

RALPH HAUCK

You will soon receive a personal letter from me asking you to make a very special sacrifice for the future of the Second Amendment.

That was the hardest letter I've ever had to write because I wrote it in the days following my dad's death. But it turned out to be one of life's most profound and inspiring moments for me, and I hope, for you.

Like your dad and maybe your granddad, my dad had a deep, unconditional faith in Freedom. In Freedom, he found our country's strength, character and national honor. He always told me that money comes and goes, mementos rust and break, and memories fade away, but only our Freedoms are forever.

To him, there was no greater duty than to defend the extraordinary legacy of Freedom found in the Second Amendment. It is the one Freedom that gives the common man the ultimate power to defend all Freedoms. I owe it to my dad to protect and preserve that legacy and pass it along as he passed it to me.

I know in your heart that you feel the same duty to a parent, a grandparent, an uncle or maybe a friend who first taught you about the magnificent traditions of the shooting sports.

That is why I am inviting you to nominate a young member of your family—a son, daughter, grandchild, niece or nephew—to become a Legacy Life Member of the NRA.

Please take special care to read the letter I sent you. It explains in great detail why NRA needs you to lead our Legacy Life Member program and why Legacy Life Members are vital to the Second Amendment's survival.

I am extending this unique invitation only to members of your family for a very significant reason. Because of your service to the Second Amendment and your love of hunting and shooting, your family is steeped in the tradition of Freedom that made our nation great.

In your family, young hearts race at the first scent of autumn air and young eyes memorize a big buck's every move. In your family, the heft of a fine shotgun and the hand of an engraver inspire awe and admiration. In your family, the shooting sports instill the values of honor, duty and common sense.

Because of you, the flame of Freedom burns brightly in their hearts. And it is on your bedrock faith in Freedom that we must build the foundation of the Second Amendment's future.

To thank you for your leadership of this historic effort, I want to present you with a very special keepsake: a special certificate signed by Medal of Honor recipients who are NRA Life members. Please turn to page 60 to see this certificate and learn more about these American heroes leading the Legacy Life Member program.

I hope you will display your certificate in a place of honor because America's gun owners need to understand and

appreciate the extraordinary leadership responsibility you have personally accepted.

You see, NRA is the one organization in America with a patriot's lineage that stretches back through the centuries, to roots firmly anchored in the passion and vision of our Founding Fathers. But as we add the newest links to the chain of Freedom, we must never lose sight of the fact that the next link is only as strong as the one before it.

And today, if I could ask one thing of our fellow NRA members and gun owners, it would be to celebrate your leadership and honor your vision by choosing a young relative of their own to mentor and prepare for the fights ahead.

I know I've asked much of you in the past and you have stood by me without hesitation or reservation. But the simple act of nominating an NRA Legacy Life Member is what will make the miracle of Freedom work today, and for many years to come.

Again, thank you for all you have done for NRA, for me and for Freedom. Thank you for leading our Legacy Life Member program.

To nominate your Legacy Life Member please visit the website below. Thank you.
